abilitie that by that time be came within a mile of formes, be met mother company of wainen in line last lanen with cloth, lubereby the hing was priven into pfurther admiration; and benranding whose they were, an were was made in this fort : They be gone man Suttons of Salisbury and fire and by that time a feare of them were path, be asked againe faving: who's are thefe: Sucrous of Balisbury, got thep and fo Eill as often as the king asker that question they answered Surrous of Soutisburie. Con feno me many futh Sperons fato the faing. And thus the farther be travelled Wellivard, more Waines and motetie met continually : boon which occasion be faib to hin mobiles, That it would mener griene a king to bie for the befence of a fertile Countie and faithfull fubiecte. I glinaves thought (quoth he) that Englands balos was more then her wealth . pet now I fie ber wealth fufficient to maintaine ber balour, which I will fake to cheriff in all I may and with my Chook keepe my felfe in poffellion of that & bane, kings and Louers con boulka the partners a und therefore let my Brother Robert thinks; that although he with Heire to England by birth, yet I am Birth by following. All his favourers I must account my foes, and will focus them as I bid the bugrateful. Carle of Shie insburg, whole lands I hane feigen, and banitht his bongs of Mait note for local leave the Ming to his fortner intell you the meeting of these folly Clothiers at London constant the stine (the chiegethe culture), as brucks

How without of Worcester, Grey of Glocester, and old Colof Reading, met all regenter at Reading, & of their communication by the way as they redefor London Chap.2.

Vivillen Gray of Gloreffer, and William of Clores Villen in Clores of the mere come to Reading, accepting to their circultance; they alterness exilerally Collectis from the companied to London; who allowed attended their committee; Quantity promises a good breakefast for them same when the had beelt refreshed themselves, they take their barres and resource on the instance the Cities and in their tourney William of Mingres trilles.

detashed than iff perhap not hear of the Earlie of Moraigne his eleape out of the A annot Colhat is he deb, que Gray ? I make much at this matter, being in such great regard with the Ring as he make that I pray you, begood not know the cause of his going; que Cole ? The common report; quely Gray, is this, that the rougtons Cause; who by rough a greaty before nevertless. begging of the laing for one thing or other, and his comell be ing now benied him of mater oblinacy and wilfult from to nede, hath banished himselfe out of the Land, quite fasfaken-the Country of Countails, having mane a Tow never to set fote within England agains, and an espace goeth, he with the late banish Carle of Shreibsbury, have impact themselnes with Robert Duke of Parmandy agains the hing the which action of theirs path inflamen the Arings weath, that their Las diestaith their chiloten are quittiturned ant of dangs futcauriess and frictivesses is that it is to la are, they have be and action of the Country like fullant people; and although many soe pitie them, pet feliobor reliene them. 1007 , a north spinger

A lamentable hearing up. William of Wiocceller, a with that calling their apeaualite is they afpeat from Doue with the rest of his companious tomerating the next speam, who as some as they were some thister, tell into subplical and bill courses, as bid shorten the long suap they han to Colebroke. inhere alwayes at their comming folvards London they bis ned: and being once entrop into their Inte; according to olde: misome, good chiese lines plouided for them to for these Clothiese were the chiefel quells that transities along the way: and this was as line as an act of Parliament; that Tom Done sould not sigeft his meat without mufiche , not szinks loine thithout biomen. fo that his postelle being a merry ivenches would oftentimes cultim time configure of her neighbour, wisted to her pe him company, where were they parter, they were made no pleasant no spices. And this being a con-titional automos amongs them when they cannot helper, at length the moment humands is gamments, take exceptions at their Miners propositions as the composition of their mineral rests between them. In fact, the first heart their mineral there. Wienes gringe chather a fuller mipour grint (tourrain the greto betweene them , in fach fort, that taken they mere incor rettrainer.

refraints , then then h n (quoty they) man tin your touce, and ook you now midted to a verily you eate to much falt, and that maken you good abolevitie, basse if bin your wines, and bot you no wers imogerall others the like, but in faith you thall not brible os fotike affes, but lose will goe to on: friends, toben be are fent for , and not you what you can. Well , quite their had baine, if you be to be an drong, the will tame you; if is the out to of honest women to obey their husbands fayings. And of honest ment (quath they) to thinks well of their wines; but tupo doe former empeach their ments, then their husbands, sharging them, if they be buttinile, that they are fubtill; and if they be but to inke, they account their inity; it for or compensate, then fullens if they be forward, then they are counted the place and the pitt if they be gentles if a tooman gentler it a to hape her house, then you will say the immelantially, if the walke abroace, then you call her a games; a positione of the walke absorbe, then you ran her by prover; a grander, to there is no be precise; and a toanton, if the be pleatent is to there is no beneates to the tention to the mountain tiethe most that the theories have to pleate you that no thinks out selies accust to be married wines; liming with so many those. These men, of whose company you foreignment of, are (for ought that ever toe sate) both honest and court teous, and in toeasth faire beyond your selies; then to had seen so the selection is there; why the should reduce to will them t is their god will so much to be required with stone; that their continues to courter will be continued by the selection of the courter will be continued by the selection of the select may not be counternailed with our company ! if a boman be bisposed to play light of lone, alas, alas, one you thinke that you can present here page tode will abise by it of that the re-Braint of liberty inforceth worthen to be telop of the topere a toomanagement be trusted, the common thinks her file belower, and if not belower, tohat could hath the to core for first gione? thereforet tianios, reforme your opinions, mouse not form your owne woes , with our biles pan, are rolly fellogies yand find in our part of our pounts are store found flat or and the core pour are rolly fellome gen irber.

The men bearing their interes to well to pleas for thembelies, and must be a miliones; but fair, they bould put the involved on their confinences, if they beale unimity with them; and so less them to their vione wills. The immen basing thus congresse their husbanes conceits, invaloned leave the fallour of their friends for frotunes, and as above the rest Tom Done was the most pleasantest; so make he have most reputation with the momen, who so his take make this song:

and the interest of the state o

their, the Thy company fill we lone, we lone, a middle start and

n mad and never will depart from thee, line a part of the

Gods heding on my fiver Boyen, it and one

This long went op and downe through the whole Country, and at length became a dance among the common fact, forthet Tom Doue, for his mirth and god fellowship, was famous in energylace. Pow when they came to kondon, they were welcome to the Dail larrar the Grant, as some as they were alighted, they were fainted by the Perchanta, who willted their comming thither, and always prepared to then a college from what they commonly made their dangaine, and by on every hargaine made, they fill dieuto send some when to the Clothiars wives. The vert manning they went to the dail, where they met the Authorise Clothiers who graced one and other in this soft. Athat, my Pasters of the Mest, well mer: what chere e what where e Quen the built shere our Aper-chants could make with (quotif Gray.) Then you could not chuse but fare well, quoty Hodigekinssand you be weary of our company, abeen, quoth Surron (Bot to, Into Marcin abut that we not have a game are we goe? He saith for an immored pumble. Wiell said, old Cole, said they a saw butly that Cole and Gray went to the Dice with Marcin and Hodgekins; and the Dice cunning on Hodgekins story Coles money began to walke Asimby the Paste, quoth Cole, my money driving as

The pleasant Historie

teo thence to larrars Hall, where they went to their longing; and the next hay they toke their way homeward all together; and comming to Coledzoke, they take up their longing; and it was Coles custome to beliver his money to the godwife of the house to knepe it till morning, which in the end turned to his ofter destruction, as hereafter shall be showed.

How Grages wife of Glocester, with one or two more of her neighbours went to the Faire, where feruants came to be hired, & how she tooke the Earle of Shrewesburies Daughter into her service, Chap. 3.

I was wont to be an old sufforme in Glocestershire, that at a certains time in the yeare, all such young men and Paspens as were out of service, resorted to a faire that was kept near Glocester, there to be ready so, any that would come to hire them, the young men send all on a vow on the one side, and the mainers on the other. It came to passe, that the Carle of Shrewsburies daughter, whose father was lately banished, being priven into great distresse, and weary with travell, as one whose belicate life was never web to such toyle, sate her power byon the high-way side, making this lamentation:

D falls and deceifful world, quoth the ! who is in the that withes not to be tin of the, for the exercisities are greate. Thou art deceifful to all, and trully to none. I ortune is the treasurer, who is tike the felfe, wavering and unconstant, the fetteth by treants, beatoth bowne kings: giveth shame to some, and renowne to others: Fortune giveth these evils; and we see it not: with her hands the toucheth bs, a we see it not: the treates be bowner foot, and we know it not: the speakes in our eares, and we heare her not: the cries alone, and we but berstand her not: And tohy? because we know her not, untill smilery both make her nominists.

Ah my beare father, well mail thouses. Of all missoriumes it is most buhappy to be softmate; and by this missorium rame my fall. Was ever good Lady brought to this extremity: What is become of my care Jewels, why ich aray, my sumptu-

fum binous face, my waiting lemants, my many friends; and all my paine pleasures ? my pleasure is banisht by Displeasure, mo friends fled tike foes , my femants done , my feathing tur, ned to fatting, the rich array confamed to ragges, and my teinels becke out my chiefest enemies : therefore of all things the meanest state is best, povertowith sweet, is bester then honour miren with feare : feing Coo hath allotted me to this milery of life. I will frame my heart to embrace humility and racev a mind answerable to my milf stunes, fie on this baine title of Labiflip how little both it quaile the diffreffed & . Ro. no. I muft therefore forget my birth and parentage, and think no moze on my fathers bonle, where I was wont to be ferued, now will I learne to ferue, and plaine Meg that be my name , good Lozo grant I may get a goodfernice, nap any fernice shall serve where I may have meat brinke, and apparell. She had no foner spoken these woods, but the spied a comple of maidens more comming towards her : who were doing to the faire : and bioding her troo mortein; a ken her if the ment to the faire. Dea mary qo. the, I am a poze mans chilo that is out of feruice and I beare that at the Statute folkes one come of purpole to hireferuants. True it is, fain the Mainens, and thither goe we for the lame purpole, and would be glad of your company. With a and will, and I am right glan of yours. faid the, befeething you good Baidens, you will doe me the fanour, to tell me what fernice were bell for me : forthe more to blame my parents, they would never put me forth to know any thing. The what can you one (quoth the spathers ?) can you been and bake, make but fer and thick, and thape come well ? Bo berily, faio Margaret, but 3 month bonight glad to learne to doe any thing whatfoeuer it be. If pou could fpin 63 card, fait another, you might bo ercellent well with a Clothier, for they are the best fernices that I know, there gan the five to fars well, and to line mently, eggs a glom one, shall Then Margarer wept, faying, alos, but at that I done & inas

never brought up to these things. Wibat, our you be nothing, quoth they ! Ro troly (quoth the) that is good for any thing, but I can read gratuate, and folio, form faill I have in my

The pleasan Historia

missle, and a little on my Lute; but this, I se will profit me nothing. Good Lozd, quoty they, are you bookish? we did now mer heare of a Paide before that could reade and write. And although you can been other thing, yet possible you may get a service, if you can behave your selfe manerly. I pray you quesmother, seeing you are bookish, will you doe so much as to reade a lone-letter that is sent me? for I was at a friends of inine with it, and he was not at home, and so I know not what is init. I pray youlet me sent, quoth Margarer, and I would shew you. Whereupon she readeth as followeth.

O lenny my joy, I die for thy lone,
And now I heare fay that thou dost remoue:
And therefore, lenny, I pray thee recite,
Where shall I meete thee soone at night.

For why, with my Master no more will I stay, But for thy loue I will runne away: O lenny, lenny, thou puttest me to paine, That thou no longer wilt here remaine.

I will weare out my shoots of Nears-leather, But thou and I will meete together, And in spight of Fortune, Rat, or Mouse, We will dwell together in one house,

For who doth not esteeme of thee, Shall have no service done of me: Therefore good seem have a care, To meete poore Fragmens at the faire.

Som alas, god fonle (quoth lenny) I thinke he be the kinde at young man in the world. The rest answered, that he is med no lesse, and surely it appeares that he is a party witty fellow, quoth one of them; how sincly he hath waitten his letter in time, trust me, I will give you a god thing, and let me have a copy of it to send to my sweet heart: that you shall with all my heart; a so comming to the saire, they wolk by their standing.

thither to those yes felfe of diners commodities: and when the had bought what the would, the total her neighbour the had great mad of a maid-fernant of twainer therefore quelie, and her great bour goe with me, and let me have your opinion. Whith a great will, fair her neighbour, and together they went, and to king a bishring the maidens dure; the twice (perial) notice of Margaret. Believe me, quoty the there thanks a very proper maiden, and one of a model and comely countenance. Wertly, fair

her neighbour, to the is , as ener 31 m ket pon.

The maiben feeing them to biet bet fo well . was fe abathen, that a fearlet colour ourripsed ber lilly che ber, which the moman perceiming, came onto her, and after if the inere mile ling to ferue. The maid with a low curteffe, and a most gentis (peech , antwered , it was the onely cause of her comming. Can pou fuinne or card, fait good bife Gray ? Etuly Dame. fain the though my cunning therein be but finall, my good will to fearne is great, and I confirmed ligence thalf content pour. Withat wages will you take, much good wife Gray? I will referre that, faib Margaret, to your confetence and courteffe, befiring no moze then what I thall beferus. Then afking what Country-woman the was the maiben wept, laving : Ab gwo Dame, I was buttmety bome in Shapphire, of pure parents, and pet no lo merby as bullesturate, but beath having ended their forcoines, both test me to the cruelty of these enuious times, to fintil my Batents Tragery with my troubles. All hate maiben que ber bamp hatte pon'a care to one your buff, nes, and to line in Gous feare, and you final batte no care to tegard fartunes frolunes, and to they went home together. Add, to fome as the god aran faw her, his asked his wife

Row, to some as the god man fato her, he asked his wife where the had that mathen? The laid, at the Faire. Why then quoth he, thou had brought at the faire away, mo I denot it were better for ba, to send the faire to another Course, then to keepe the faire here. Why man quoth the, what means you be that? Whoman, I meane this, that the will prove a Lond from, to draw the hearts of all my men after her, a so we that! have wife fernice down of all trees. Chemiato his wife, I hope, the wife fernice down of all trees. Chemiato his wife, I hope, the wife fernice down of all trees.

The pleasant Historie

pushand, Margaret will have a better rare help to ber oftene crebit, and our commobite then to, and to tet her alone to linke to fuch matters. Is the name Margaret, quath her spatter to proper is the name to the person, for thou art a pearle indeed,

szient, and rich in beauty.

Dis wife bearing him fay so, began to change her opinion: That husband (quoth the) is the wind at that doze? Begin you to like your maid so well: I boudt I had most meet to tokke to your felse; before God, I had rather then an angel! I had chosen some other: but heare you maid, you hall packe hence, I will not nowish a Smake in my bosome, and therefore get you gone. I will none of you prouide a setuice tubers you man.

The maiden hearing her laylo, fell delone on her knees, and belonght her, laying. Delweet dame, he not to creek to me, to turne me out of dazes, now raiss, I know not where the goe, or what to doe, if you for she me. Det not the fading beauty of my face dispoile me of your favour; for rather then that that had binder my fervice, this my knife thall some diffigure my face, and I will banish beauty as my greatest enemy. And with that, her aboundant teares strong her speech, that the

patte of his florings, to on to himselfe, making a boing election to the floring form came, in feet fon to beg his parbon, which mode of all griener Gueb. We hen Cole and the cell of the weleterne Decimen heard hereof, they could not chule but laugh, to thinke that he was so taken taror.

The young Princes having given promife to be with the clarthiers, kept their house, but when all the test went to give them entertainent. Simon was to buse in suppling his pottage, that he could not space so much time. Which when the Princes saw, with a similing countenance they said, soup Simon, theres god broth: or else bestress our Dastesse, much he, never loking behind him to see who spake, till the Prince clart him on the shoulder. But god Lore, how blanks he was when he spied them, knowing not how to ercuse the matter.

emell, the Princes having ented their banket, Garrat comes and with one of his hands to be the table of Article forte long quite from the ground once their heads, from before the Princes, and let it on the other fire of the ball, to the great domina-

tion of all them that beheld it.

The Princes being then ready to be part, the Clothiets mones them in pleasant maner, to be god to one of their company, that did neither at, lie, nor dand. Then bee must never hang, qu. the Princes. And so be both, most excellent Princes, qu. they; and therewithall told them the whole matter. Under they heard the Argie, downe to Bessomes June they goe, twhere looking by into the roste, spied paze Curbert pinned up in a bashet, and almost smoother to beath, who although he were greatly assumed, yet most pitifully desired that they would get him release.

Withat is his trespale, said the Prince & pothing if it that like your Grace, go. he, but for looking for a chiefe: But his could not find it without my wife, said the god man o the billaine had lately dired with mutton, and could not digest his meate without chiefe, so, which cause I have made him to fall these twenty houres, to the end he may have a better stomache

to eate his vinuer, then to ble valliance.

-

Let me intreate you, quath the Prince, to releafe him: and if

a good faill (quoth he) and mould to God Tom Doue were here, he would furely make me merry, and we thould lacke no malicke; but I am force for the man with all my heart, that he ts come to faire behind hand : but alab, to much can enery man fay, but what good both it him? Ro, me, it is not boods can belie a man in this case, the man had not of other reliefe then fo. Let me fee: I have but one child in the world, and that is my daughter, and halfe that I have is bern, the other halfe my wifes. But hat then e thall 3 be good to no body but them & In confeience, my wealth is too much for a comple to possesse, and lohat is our Religion without charity . And to who

charify more to be themme, then to becaud house holders?
One my Dak lend my a pen and inke, and some paper, for a will write a letter wito the pwre man traight; e something 3 will give him : Chat almes which a man belfower with his owne hands, be that the fire to have belivered, and Cooking a chall line.

lith that , his Daftelle biffemblingip anfwered , laying, Donbt not, Patter Cole, you are like enough by the course of nature to line many yeares. God knowes (quoth he) I never found my heart to heavy before. By this time pen, inke, a par er was brought, letting himfelfe in writing as followeth.

N the name of God, Amen. I bequeath my foule to God, & my body to the ground, my goods equally betweene my wife Elener, and Ifabel my daughter. Item I give to Thomas Done of Exeter one hundred pounds, nay that is too little, I give to Thomas Done two hundred pounds in money, to be paid vnto him prefently upon his demand thereof by my

faid wife and daughter.

Da., how lay you Daff (qo. be) is not this well ! I pray poureabe it. Die Daff looking thereon, faib, tohe Daffer Cole, what have you written here ? you fait you mould write a letter, but me thinks you have made a Mill, what need have you to doe thus e thanks be to God, you may live many fairs pieres. Dis true (quoth Gole)if it pleafe God, and I truft this writing cannot thorten my paies, but let me les fiane I mave Will : Aoin, I premile you, I nio becile purpose to write a letter

The pleasant Historie

teffer: notwith Kanoing, I have welten that that Gap put into my milio ; but lote once againe my Datt, is it not weiten there, that Doue that have two hundred pounds, to be paid when he comes to bemand it? ves inder faid his Dafte . Wiell then, allis well, fain Cole, and it thall goe as it is forme. 3 will not bestow the new writing thereof any more.

Then folding it up, be fealed it, deliring that his Date mouldfembit to Creter : he promifes that he would notwith Canding Cole was not fatiffied : but after fome paule , he woulds needs hire one to carry it. And to fitting bowne ladly in his chaire as gaine boon a hubben he burit forth a weeping; they bemanbing the caule thereof, he (pake as followeth:

Bo cante of their fences Throw : but it comes not into my minde (faid Cole) when I fet toward this my laft fournes to London , how my daughter toke on , what a cople the kept to have me flay : and 3 could not be riv of the little linguage a long time. The did to hang about me, when her mother by bio lence toke her away, the cryen out most mainly. D my father,

my father. I thall never for him againe.

Alas, pretty foule, fair his Dattelle, this was but meere kind. nelle in the girle, and it fameth the is beer fond of pour But alas linky though pongriene at this - you mail confider that it was but childifhneffe. 3, it is inded; faid Cole, and with that he began to not. When they asked him if he would god to bed. Do, faid he, although I am beaup, I hape no mind to goe: to bed at all. With that certaine mulicians of the towns came to the chamber, and knowing spatter Cole was there, baue out their in Aruments, and very folenmin began to play.

This mulithe comes bery well (fait Cole)and when he had : liftned a while thereunto, he faid, De thinks thefe infrumets formo like the ring of St. Mary Oueries bells , but the Male browns all the reft : + in my eare it goes tike a bell that rings a foreniones timell, for Good fake let them leave off, and heare them this simple reward. The Musicians being gone, his Dalt asked if now it would pleafe him to ace to bed: for (quoth

he) it is welneere eleven of the clocke.

With that Cole beholding his Daft & Dafteffe earneffly. began to tract backe, faying, what aile you to twice to tike fale:

Beath #

neath : good Horo, what have you bone, that pour hands art tine blody: tohat my hands fait his Dalle Wildy, pour map fee they are neither blody not fould : aither your eyes noe greatly Dayell, az elfe fancies of a troubled minbe boe belante

Also, my Daff, you may be, laid he, how weake my wits are, I never had my bead to tale before. Come, let me drinke once more, and then I will to bed, and trouble young longer. herpoiligent to marme a herchiffe, and put it about his head. Dob Lan, fain be, 3 am not ficke, 3 postle Gon, but fuch an alforation I finde in my felfe as I never bib before.

Waith that the feriteb-ownle cried pitioully, and anon after the night cauen fate croking bato by his window. Jefu haue mercy boon me, quoth hie, what an ill-fanoured cry bor yonder carrion birds make, and therewithall be laid him bolone in his

ten from whence he never role againe.

His wall and Daltelle, that all this while noted his troubled mand, began to commune before themselves thereof. And the man said, he knew not what were best to be done. If my consent (quoth he) the matter should paste, so I thin e it is not hely to meanle on him. if is not belt to merble on him. What man (anoth the) faint you now the por none to many and doe you thinke at this the then the wing bins a great deale of gold in hich Cole had left with her, the two, Extoute if not greene a bodies heart to lose, this the hang the old churte, what though he doe liming any long the bath to many long the had the many long the long the long the many long the ger s be bath to much, and we have to little: tot husband, let the thing be done, and then this is our dione.

Der wickeb counfell was followed, and when they habitiff:

ned at his chamber bonge, they beard the man found afferper All is lafe, quoth they, and botune into the kitchin they goe, All is fafe, quoth they, and botune into the attent they goe, their fervants being all in bed, and pulling out the year ping, botune, fell the bed, and the man happt out into the boyling calpean. We being bead, they bettout them eath his body into the tiver, his clothes they make alway, a made all things at it thould be thut tuben hee came to the stable to county thereof Coles bodie, the stable bode being open, the holic had got love, and into a part of the batter about his beake, and strains trustes

The pleasant Historie

fruited winer his belly, as the Offices had dieffed hen are ever, he was gone out at the back-five, which led into a great field to ming to the house, and to leaping divers hedges, being a linguisting to the house, and to leaping divers hedges, being a linguisting to the house had got into a ground where a mare was grading, with whom he kept fuch a coile, that they got into the high-way, where one of the Colone meeting them, know the mare, and brought her and the house to the man that own her.

In the meane fpace, the Puficians had beene at the Inne. and in requitall of their evenings gift, they intended to give Cole fome mufiche in the moming. The gopo man folo them he toke hople before day : likewife there was a gueff in the house that would have bose him company to Reading , britos whom the Dait alfo anfivered , that he himfelfe let him bporn holfebacke, and that he went long agoe. Anon came the main that ower the mate, inquiring by and colone, to know and if none of them millen a boefe, who fait no. At the latt hie came to the figne of the Crans where Cole tay : and calling the Daftlers, he bemanded of them if they lackt none, they faid no : Wahy then faid the man , I perceive my mare is good for Comething, to; if I fent ber to field Angle, the will come bome bomble : thus it passes on all that bay and the night following. But the next bay after . Coles wife muting that her busband. came not home, fent one of her raen on hogle backe, to le if he sould meet him ; and if (quoth the) yourmeet him not befluitt this and Colebanke, aske for film at the Crane, but if you find him not there , then rive to London, for I boubt be is either ficke og elle fome michance hath fallen into him.

The fellow did o, and asking for him at Coledwike, they allwered, her went hor etward from thence inch a day. The fecunit muting what it suld be become of dis Patter, and marking much inquiry in the Lawne for him; at length one foldhim of a dote that was found on the dightway; and no mankate whence he came. De going to the horse; anew him presently, and t athe Crane de goes with him. The Datt of the house percenaing this, was danke; and that night ded fercetty away. I he fellow going who the Austice before his date; presently after after work was brought that larman of the

Crane?

Trans was gone, then all the men fair, he has sure mane? Ole away: I the Philicians told tohat larman fair to them, inhouse they would have green Cole mulicke. Then the moman being appreciates expansive, confesses the truth, larman some after was taken in intermed, confesses the truth, larman some both hange, after they had lot over all these things before expesses. Also be confessed, that he being make expenser mans, that false falling slove, and how his intermediate its Another they had murded by that meanes is personned in yet not with standing all the monepinhich they had gotten sheeth, they prospered not, but after their was a faire from he repfare in beht.
